

FLAME
METaverse
WHITEPAPER
V.2.

ABOUT

Mark Zuckerberg was the inspiration for Metaverse.

Facebook's name has been changed to "Meta" in a move away from social media and toward the development of "the metaverse," a digital environment that might be the next generation of the internet and cryptocurrency.

We invite you to join the Flame Metaverse family as we work together to construct the metaverse by cooperating and learning as a community to deliver an even more connected world of developer solutions.

Enjoy a simple and integrated crypto game in which you can earn cryptocurrencies.

DESCRIPTION

The term "Flame Meta" is the newest buzzword to catch the attention of the IT sector, to the point where one of the most well-known online platforms is rebranding to reflect its support of the futuristic concept.

WHAT IS METAVERSE?

Think of it as the internet brought to life, or at least rendered in 3D.

Zuckerberg has described it as a "virtual environment" you can go inside of — instead of just looking at on a screen.

Essentially, it's a world of endless, interconnected virtual communities where people can meet, work and play, using virtual reality headsets, augmented reality glasses, smartphone apps or other devices. It also will incorporate other aspects of online life such as shopping and social media

WHAT WILL I BE ABLE TO DO IN THE METAVERSE?

Things like attending a virtual concert, taking a virtual vacation, and purchasing and trying on digital apparel.

In the midst of the coronavirus pandemic, the metaverse could be a gamechanger for the work-from-home shift.

Employees could see their coworkers virtually instead of on a video call grid.

Facebook has released Horizon Workrooms, a meeting program for businesses to use with their Oculus VR headsets, however early feedback has been mixed. The headsets cost \$300 or more, putting the most cuttingedge experiences in the metaverse out of reach for most people.

WHO ARE WE?

We are a group of people who believe in online 3d virtual environments, planning on creating a game to let people enjoy and collect tokens!

Flame Metaverse Token is a hypothesized iteration of the internet, supporting persistent online 3-D virtual environments through conventional personal computing, as well as virtual and augmented headsets.

FLAME METaverse TOKEN (FMV)

TOKEN DETAILS :

TOKEN NAME : FLAME METaverse
SYMBOL : FMV
SLIPPAGE : 11 % - 15 %
SUPPLY : 100.000.000.000

SMART CONTRACT ADDRESS :

0XB2FDB4853FEC142957A2D7ACFC846ADB772F8B69

TOKENOMICS

TOTAL BUY/SELL TAX FEE : 12%

■ ADD TO LIQUIDITY	:	2%
■ MARKETING FUNDS	:	3%
■ HOLDERS REFLECTION:	:	1%
■ BURNING FEE	:	6%

USECASE

FLAMESWAP

Swap, Stake, and Earn
with #FMV tokens.

FMV is a BEP-20 based utility token that fuels engagement within the Flame Metaverse platform and across the extended community of users that hold the token.

GAMES

FLAMEBALL

Upcoming P2E 2D & 3D Games for holder and community

In essence, one of the core selling points of blockchain games is the possibility of earning non-fungible tokens (NFTs) and cryptocurrency, and trading them on a marketplace. Platforms that incorporate such functionalities are called play-to-earn (P2E) NFT games.
